

CORNING CHRISTIAN ACADEMY

PRESCHOOL - 12TH GRADE

Friends of CCA,

We continue to be amazed at all God has done to provide for the needs of his school, while allowing it to thrive during ever uncertain times. We are humbled by the growth we have seen over the last few years, specifically, our elementary grades K-5, that have doubled in size since 2019. We know that God can take even the most difficult of circumstances and use them for His glory and we are thankful for a place where administrators, faculty, and parents work together to provide a challenging academic program within a nurturing environment.

We would love to share with you some highlights from this past year.

We were fortunate to continue to be in school, in person, 5 days a week all last year with minimal interruptions to our day-to-day routines. Our school grew in number and in fortitude. Our teachers adapted and inspired. Our students developed new skillsets and reached new heights in learning. And the Kingdom of God grew! Isn't that what this is all about?

As you may have heard, we have refined our school's motto to Love.Serve.Lead. Our students are focusing on loving everyone, serving the community and each other, and leading by example. While raising leaders has always been our focus, it is incredible to watch our students become the hands and feet of Jesus by serving at home and in our community.

We have been blessed with a grant from the Corning Foundation that has allowed us to implement a new STEM program and Maker's Space for elementary and secondary students. This new room is equipped with a 3D printer, a green screen, a sewing station, and many other creative outlets. We look forward to watching our students benefit from these expanded opportunities!

We want to continue to thank you for your commitment to the school through financial gifts and prayer. We are so grateful God has provided people like you to support and encourage us. Your gifts provide the funds needed to bridge the gap between the tuition our families pay and the actual cost of education. They also allow us to continue to offer financial aid to families who might have otherwise been unable to send their child(ren) to CCA.

We ask that you consider how a financial gift will allow us to continue to impact young lives for Christ and that you would continue to pray for the CCA Board, staff, and students.

Blessings to you, and your families, this Holiday season!
